Comments:

Well planned and structured; very good; he made the day enjoyable and was helpful; I do not work alone in the community so not particularly relevant; informative course; one to make you think; I was hoping to cover breakaway techniques as I have not had this; very interesting course made me aware; excellent day I would recommend this course to others including schools to highlight more risks around; well presented and good with group; very informative. Helps to enforce your own senses and abilities, use your common sense; an interesting way to make you more aware; very well and clearly presented; would favour more with more by way of practical exercises or approaches; it was good and comfortable; well worth coming; good; very constructive; the course highlighted that we should all be aware of any situation that can occur; enjoyable course made me think about my own safety both whilst working and in my personal time; very good advice covering everything in life; fantastic stuff
